Sir

Sub: CONDEMNATION OF TYRES - Disposal of - Difference of value - write off - Requesting of -

Ref: Government Memo No.85498.B.III/54-4 dated 14-8-1954 Agriculture Department

---oo--

In the Government Memo cited, Government have stated that the Deputy Director of Agriculture (Headquarters-Engineering) can condemn the 39 tyres and sell them in public auction and write off the difference in value provided the replacement value of the tyres does not exceed Rs.3,000/-.

2.) In the present case, the 39 tyres were acquired at different periods between 1946 and 1951. They have become worn out and unfit for further use due to fair and wear and tear. For some of the tyres the value is not known as they were received originally along with tractors in the initial supply. In cases where the value is not known as at the present rate quoted by the tyre companies. The unserviceable tyres were condemned and auctioned by the District Agricultural Officer, Tinnevely on 4-2-1954 in public auction after giving wide publicity. The highest bid is only Rs.50/- offered by one Sri Mookaiah Thevar. The District Agricultural Officer, Tinnevelly has requested to confirm the auction sale to Sri Mookiah Thevar.

3.) The total replacement value of tyres works out to Rs.11,321--12--0 as may be seen from the list attached. The amount realised in the public auction of tyres is Rs.50/- and therefore the difference in amount to be written off is Rs.11,271--12--0 (i.e. Rs.11,321--12--0 minus Rs.50/-). As the purchase of tyres of the value of Rs.11,321--12--0 is beyond the powers deligated to the Deputy Director of Agriculture (Engineering), the sanction of Government is necessary. In view of the Government rulings given in the memo quoted above, I request that sanction may kindly be accorded to approve the sale of 39 tyres in public auction for the sum of Rs.50/- and to write off the difference of Rs;11,271--12--0 from the account.

I request early orders in the matter.

Sub: Motor Vehicles - Condemnation of tyres - Disposal of - Procedure - Regarding.

Ref: Government Memorandum No.131112 B.III/54-2 dated 9-12-1954. (Ref above)

The value of the tyres that are auctioned is always governed by the further use it can be put to. Those tyres that are not fit for retreading will fetch only scrap value.

2. The tyres in question are all tractor tyres and enquiries show that facilities for retreading these tyres are not available. It is also learnt that in practice, most of the tractor tyres are put out of commission due to cuts which are attributed to the type of use to which they are subjected to. These tyres will not be useful for any other purpose once when they become unserviceable. In such circumstances, such tyres have no resale value after attention and has to be considered as scrap.

3. Even judged as scrap and completely unserviceable, rupees 50/- is a very low value for 39 tyres. The scrap value may be estimated at Rs.5/- a tyre.

Ref: Govt.Memo No.131112.B.III./54-7 d/ 20-5-1955.

----oo----

The Transport Commissioner, in his letter No.58877 ST.3/54 d/ 14-3-1955 (addressed to Government) has stated that the amount of Rs.50/- fetched in the auction for the 39 tyres is very low, even judged as scrap and completely unserviceable, the scrap value may be estimated at Rs.5/- each tyre.

2. The District Agricultural Officer, Tirunelvely has replied to the point raised by the Transport Commissioner that there was no demand for these tyres in his District for the same reason the auction date was postponed 4 times and it was finally auctioned for Rs.50/- in an open public auction, after giving wide publicity, since these tyres were found to be useless even for scrap and the tyres cannot fetch any value worth Rs.50/-.

3. The tyres in question where also, very old, worn out and unfit for further use due to fair wear and tear. They were condemned.

4. In the circumstances, explained I request that Government may be pleased to approve the sale of 39 tyres in public auction for the sum of Rs.50/- and to write off the difference of Rs.11,271-12--0 from the Accounts.

I am to invite a reference to the Government order cited above and to request that information on the following points may please be furnished to enable this office to know the circumstances under which the write-off was ordered by Government.

(1) It is not known whether the Tyres belong to Jeeps Lorries or Tractors of the Agricultural Department. The information is necessary, in view of the fact that the cost of types of different types of vehicles may vary.

(2) In G.O.Ms.No.1760 P.W.D. dated 14-5-54 Government have prescribed the scale of one set of tyres and tubes for each motor vehicle of the Government Transport service for 18,000 miles for mofussil service (tillcondemnation). It is not clear whether this scale was adopted, before the tyres were condemned. According to the Police Standing orders, the Police department maintains a register of tyres, where the total miles run by tyres are recorded. It may please be stated whether a register of tyres was maintained in the case under reference and whether the possibility of retreading the tyres was considered so as to ensure that the condemnation of tyres is proper.

Copies of your letters No.T.4.999/53 dated 4-11-54 and No.T.4. 314/55 dated 13-6-55 referred to in the Government Order under reference may a lso kindly be furnished to this office. pp 1-3 cfq (A1) p 2 cfq (A3)

Issued as Memo No 131112 B III/54-2 dated 9-12-54]

From the T.C, Madras letter No 58871/ST3/54 d 14-3-55

The D.A submitted proposals

(i) To approve the sale of 39 condemned tyres which had become useless by fair wear and tear, for a sum of Rs 50 in public auction and

(ii) to write off a sum of Rs 11271-12-0 from the accounts, being the difference between the book value of the tyres and the amount that was realised in public auction.

2. On an enquiry about the procedure adopted for condemning tyres in Govt Transport, P.W.D Depts drew attention to the orders issued by them in this regard and suggested that the Dept may be asked to consult the T.C, Madras, if any further information is required. In specifically requested this Dept to consult the T.C In the memo at pp 5-6 ante the T.C was asked to state whether the procedure adopted for condemning tyres in the

above case was correct. The T.C's reply will be found at p 13 CF. He has stated that the tyres in question will not be useful for any other purpose once when they become unserviceable and so they have no resale value and have to be considered as scrap. He has added that even judging as scrap and completely unserviceable

Thirty nine unserviceable tractor tyres were condemned and auctioned by the District Agricultural Officer, Tirunelveli, on 4.2.54 and the highest bid was Rs. 50/-. The Transport Commission who was consulted, observed that the tyres in question would not be useful for any other purpose once they become unserviceable but that even judging as scrap and completely unserviceable the sum of Rs. 50 for 39 tyres was a very low value and that scrap value might be estimated at Rs. 5 a tyre. When this was pointed out (to the Tirunelveli Dt.) to the D.A, he has stated that there was no demand for these tyres on account of which the auction date was postponed four times and that it was finally auctioned for Rs. 50/- after giving wide publicity. The D.A. has therefore recommended that the sale of 39 tyres in public auction for Rs. 50 may be approved and the difference of Rs. 11,271-12-0 representing the book value of tyres less the amount realised in public auction written off the accounts. The Agri. Dept. agree with the D.A. Fin. also may agree.

Note for O^r Agn (B II)

The case relates to the proposals of the D.A to approve the sale of 39 condemned tyres in public auction for a sum of Rs 50 in the Tirunelveli district by the D.A.O and to write off the difference of Rs 11,271-12-0 between the book value and the amount realised in public auction from the accounts. 'M' p1 CF

2. In February 1954 thirty nine unserviceable, condemned tyres were auctioned by the D.A.O, Tirunelveli after giving wide publicity and the highest bid was only Rs 50/-. The Transport Commissioner, who was consulted whether the sale of 39 tyres in question in public auction for a sum of Rs 50 might be approved and the loss involved written off the accounts, observed that though the tyres would not be useful for any other purpose once they became unserviceable, the sum of Rs 50 for 39 tyres was a very low sum and that even the scrap value would be Rs 5 per tyre. When this was pointed out to the DA, he has reported that there was no demand for the tyres in Tirunelveli district and that for the same reason the auction date was postponed 4 times and that it was finally auctioned for Rs 50 in an open public auction.

The DA has therefore recommended that the sale of the 39 condemned tyres which had become useless by fair wear and
